Adrien Chenailler

Head of Data Science

OCBC Bank

Adrien is a seasoned leader in data science and artificial intelligence, with a hands-on approach to his work. He is currently Head of Data Science for OCBC leading 40+ Data Scientists building AI solutions. In his current position, he oversees the development of AI and Generative AI. Since he started, OCBC has embarked on more than 20 GenAI use cases in production. He began his career as a quant, utilizing his analytical skills to solve complex problems in the financial sector and then transitioned into leadership roles in data science and AI at renowned tech institutions such as Gojek or Twitter.
